School Vision Statement

All stakeholders in the school community (including administrators, staff, faculty, students, parents):

1. Work together as a team who shares the same vision, goals, and priorities.
2. Support a standards-based data-driven instructional program where students are actively engaged in learning that is teacher planned/facilitated, but student-centered.
3. Create a safe, positive school environment that embraces cultural diversity, individuality, self-confidence, and responsible citizenship.
4. Serve as coaches/mentors/leaders who model good work ethics, honesty, and integrity, and foster the growth of those qualities in others.
5. Are committed to improving student achievement and promoting lifelong learning.
